

# RIVER OF BULBS PROJECT

**Saturday, 16<sup>th</sup> Sept  
9:30am to 1pm**

**Please bring any spare  
trowels, dibbers or spring  
bulbs on the day.**

The current pedestrian walkway  
looks drab. A little spring colour  
will improve the area and  
encourage people to use the  
grassed areas more.

**Please phone 01675 463326 or  
email  
[colin@coleshilltowncouncil.gov.uk](mailto:colin@coleshilltowncouncil.gov.uk)  
if you are able to help.**

**Coleshill Town Council,  
supported by  
Warwickshire Towns Network**

**Meet at Community Centre,  
Temple Way, Coleshill at 9:30 am  
on 16<sup>th</sup> September.  
Toilets and refreshments available.**

The plan is to eventually have bulbs planted along the length of Station Road and this is the start date. The bulbs will add to the effect of the benches and trees, on the same westerly side of Station Road.

The cost of bulbs is covered by the Warks Towns Network, but we need volunteers to plant them. Outside services staffing, elected members and other volunteers will all be on hand.

Bulbs planted in September should be appear in spring 2024.
