Loan sharks - understanding the dangers and how you can make a difference

We are delighted to invite you to our **FREE webinars** about **STOPLOANSHARK,** which is a government funded initiative that not many of us know about. In fact, our Head of Membership had never heard of them until she attended a local event in West Yorkshire, during Neighbourhood Watch Week this year. The presentation was truly informative, emotionally moving and hopeful. In fact it was so good that we didn't want to keep it to ourselves!

What you can expect at this webinar

- What a loan shark was
- That it could happen to anyone of us
- Warning signs that someone could be a loan shark
- Techniques they use to catch their next victim
- Success stories of investigations and convictions by this amazing team
- New school uniform campaign
- How they help victims
- How you can help

We have teamed up with STOPLOANSHARKS to bring to you two **FREE** webinars on **Thursday 17th July.** These will be at 1pm and 6pm. No need to attend both, but please try to attend one of them. **Each webinar will be 1 hour long.**
